## CAREER OBJECTIVE

As a passionate developer, I am on a journey to continuously enhance my technical skills and creativity. Seeking fulfilling challenges and self-driven projects to make a mark in the world of development. Committed to growth and am eager to create innovative solutions that showcase my capabilities and contribute to my ongoing development as a skilled developer.

## CORE QUALIFICATIONS

- Proficient in full-stack development with React, Next.js, Node.js, and MongoDB
- Skilled in creating modern, reusable UI with Tailwind CSS, Material UI, and Shadcn/UI
- Experienced in state management and data fetching using Redux Toolkit, TanStack Query, and Axios
- Solid understanding of REST APIs, authentication (NextAuth, Firebase), and Firestore
- Familiar with SEO best practices, performance optimization, Cloudinary, Firebase Admin, and Leaflet

## TECHNICAL SKILLS

- **Web Technologies:** HTML5, CSS3, SCSS, Responsive Design
- **Languages:** JavaScript (ES6+), TypeScript, PHP (basic)
- **Frontend Frameworks & Libraries:** ReactJS, Next.js, Redux Toolkit, Axios, TanStack Query, jQuery
- **UI & Styling:** Tailwind CSS, Sass/SCSS, Bootstrap 5, Material UI, Ant Design, Shadcn/UI, Chakra UI, Reactstrap
- **Backend Development:** Node.js, Express.js, Laravel (basic)
- **APIs:** RESTful APIs, Fetch API, Ajax
- **Database & Storage:** MongoDB, MySQL
- **Services & Integrations:** Cloudinary, EmailJS, Nodemailer
- **Tools & Platforms:** Git, GitHub, Postman, Firebase

## PROJECTS

### NepsportsHub | [LINK](#)

- Developed a full-stack sports streaming platform using Next.js and MongoDB, allowing users to stream live games in real-time from around the world.
- Integrated NextAuth for secure authentication and session management.
- Designed a responsive and modern UI using Shadcn/UI and styled with Tailwind CSS for a clean user experience.
- Implemented SEO best practices with optimized metadata and server-side rendering to enhance visibility and discoverability on search engines.

### Nproom | [LINK](#)

- Built a comprehensive property listing platform using Next.js and MongoDB, allowing users to search, rent, or buy properties in Nepal.
- Integrated Leaflet for interactive map-based property exploration and Cloudinary for seamless image uploads.
- Used NextAuth for secure user authentication and implemented Axios for efficient API communication.
- Applied Shadcn/UI for a clean user interface and followed SEO best practices to improve search visibility.

### Plexa | [LINK](#)

- Developed Plex QA, a full-stack platform with a marketing landing page and a complete admin dashboard using React and Node.js.
- Created a CMS-like dashboard to manage frontend content dynamically, including user management and media assets.
- Utilized Redux Toolkit and TanStack Query for efficient state management and API data fetching.
- Designed with Material UI for a professional interface and structured data with MongoDB.

### Chess Fortune Dashboard | [LINK](#)

- Designed a comprehensive admin dashboard for a chess platform using Next.js and Firebase (Firestore) for real-time data handling.
- Managed user profiles, game history, referees, invoices, and detailed activity logs of staff and players.
- Implemented role-based permissions and used Auth.js for secure authentication.
- Integrated advanced UI tools including NextUI, ApexCharts, Framer Motion, and handled forms with Formik and Yup for validation.

## WORKING EXPERIENCE

### REACT DEVELOPER

Bross Solutions Pvt. Ltd. | Biratnagar, Nepal | November 2022 - December 2023

- **Front-End Development:** Developed and maintained responsive, user-friendly web applications using React.
- **Cross-functional Collaboration:** Collaborated with diverse teams to design and implement new features, ensuring high-quality code and adherence to best practices.
- **Project-Delivery Excellence:** Successfully delivered projects within specified timelines, consistently meeting or exceeding client expectations.
- **UI/UX Expertise:** Demonstrated a strong understanding of UI/UX principles, contributing to the creation of visually appealing and intuitive interfaces.

---
